

**Tenure-Track Professorship**  
**Department of Computational and Applied Mathematics (CAAM)**  
**Rice University**

The Department of Computational and Applied Mathematics ([www.caam.rice.edu](http://www.caam.rice.edu)) at Rice University in Houston, Texas, seeks outstanding candidates for a tenure-track professorship beginning January 1, 2018 or later. Candidates at the associate professor level are preferred, although outstanding candidates at the assistant level will be considered.

The Department offers an excellent research environment and hosts research programs in optimization, numerical linear algebra, control and inverse problems, numerical methods for partial differential and integral equations, and large scale computing. Interdisciplinary work is a fundamental aspect of the Department's program.

Preference will be given to candidates who are engaged in at least one of the following areas:

(i) applied analysis/inverse problems; (ii) data-driven decision making/numerical optimization; and (iii) numerical linear-multilinear algebra/solvers.

Candidates must have a PhD in Applied Mathematics or a related field, in addition to an exceptional record of research and teaching in Applied Mathematics. Applications consisting of a letter of application, current curriculum vitae containing a list of publications, a description of research, and a statement on teaching should be submitted via the website [www.MathJobs.Org](http://www.MathJobs.Org). In addition, candidates should arrange for at least three letters of recommendations, which may be submitted on the same website.

Alternatively, applications and letters of recommendations may be sent by mail to:

Faculty Search Committee  
Department of Computational and Applied Mathematics (CAAM)  
Rice University  
6100 Main Street, MS-134  
Houston, TX 77005-1827

**PLEASE DO NOT DUPLICATE YOUR APPLICATION!**

To receive full consideration, the complete application must be received by March 15, 2017, but the committee will continue to accept applications until the position is filled.
